# ROAD TRIP!

Michael is planning a trip across the United States. Read the clues and fill in the states that Michael is going to visit.

## Clues

1. Michael wants to visit Eastport, the easternmost city in the United States. He wants to eat lobster (he'll brush his teeth after he's done eating, of course!) and hike in Acadia National Park. Maybe he'll see a moose, too!  
\_\_\_\_\_
2. Michael's next stop is across the country, in a state north of California and south of Washington. \_\_\_\_\_
3. Michael wants some Cajun cooking, so he's headed to New Orleans, in this state on the Gulf of Mexico. \_\_\_\_\_
4. Now Michael's going to check out the state that's home to the Grand Canyon. It is south of Utah and west of New Mexico. \_\_\_\_\_
5. From there, Michael's final stop will be the smallest state in the United States. It is just east of Connecticut. \_\_\_\_\_

**Now**, take the first letters of each of the state names. Place them in order to form a word that is a part of your mouth that you want to keep clean by brushing and flossing.

\_\_\_\_\_

The answer to this puzzle is your secret word.  
It will unlock next week's puzzle!

**Check off each time you brush, morning and night.**

| Day 1                    | Day 2                    | Day 3                    | Day 4                    | Day 5                    | Day 6                    | Day 7                    |
|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
