

Every day, Colgate People around the world contribute to the progress we are making against our global Sustainability goals. These contributions come at the hands of dedicated teams on the ground, working together on a variety of initiatives. Here are just two examples of how Colgate people are giving the world more reasons to smile.

Colgate Partners with **Water For People** to Help Make Every Drop of Water Count

Colgate and **Water For People** launched a new partnership in 2013 to provide safe drinking water to over **10,000 people** through the development of **community water** and hygiene systems. Click the image to hear from two C-P people on the ground in **India** and **Guatemala** about how the impact this partnership will have on these high-need communities.

Latin America Division Awarded First Annual Colgate Sustainability Excellence Award

Colgate has long been committed to growing our business consistently and responsibly while benefiting those we serve globally - including our customers, consumers and employees. To **recognize the local and regional achievements** that contribute to our global goals, we are proud to announce our first annual **Colgate Sustainability Excellence Award**.

For their outstanding contribution to sustainability across the **People**, **Performance** and **Planet** pillars, we are proud to award Colgate's Latin America Division with this first annual sustainability award.

Latin America has achieved success in sustainability through such initiatives as promoting employee volunteerism, "Bright Smiles, Bright Futures," hand washing education, product sustainability improvement and energy reduction. Congratulations to **Latin America!**
