

School Brushing Chart

Every tooth tells a story. Every brush builds a habit. Together, you're becoming **Smile Explorers!**

- 1. Start the challenge:** After children receive their BSBF Home Kits, kick off a 1-week brushing challenge.
- 2. Promote home brushing:** Remind children to brush every morning and every night.
- 3. Set up the chart:** Write one name on each row. Post enough sheets so that every child has a line.
- 4. Track daily progress:** Each day, invite children to color or decorate one tooth after brushing.
- 5. Celebrate success:** Celebrate the class's progress at the end of the week!
